

SEES NO PROSPECT
FOR EARLY PEACECol. House Gives Wilson
Result of His Long
Sojourn in Europe

PUBLIC UNPREPARED

Opinion in Some Countries In-
sistent on Settlement That
Would Not Be Acceptable

WILSON LIKELY PEACEMAKER

NEW YORK, June 24.—President Wilson does not see any prospect for an early peace in Europe. Today Col. E. M. House, his close friend and unofficial envoy to Europe, gave the president the result of his sojourn of several months in the principal capitals of Europe where he talked intimately with the respective officers of the German, French and English governments and the information that he imparted in the long walks and talks which they enjoyed today reflected the ideas held by both diplomats and the military element in each of the countries at war. He also disclosed the various beliefs and currents of public opinion in each country as to what might be the possible terms of peace and the trend of public opinion toward different peace proposals.

Guided Largely By Reports.
The president has been guided largely by what Colonel House has reported him by cable and letters in handling the delicate question of renewing the efforts of the United States to bring about a general acceptance of mediation. Mr. Wilson himself said last Tuesday to the Washington correspondents that no new tenders of good offices had been made to any of the warring powers but that all foreign governments well understood the willingness of the United States to be of any service in any way possible to pave the way for an approach to peace. One fundamental thing the president has learned, which has affected the efforts of the United States to make peace is the unpreparedness of public opinion in some of the belligerent countries as to terms which they fear their adversaries might advance or that are already discussed.

Public Opinion Insistent.
Colonel House observed during his trip to Europe that public opinion in some countries was most insistent on terms which the governments of those countries already had learned in various ways would not be acceptable to their opponents. In all countries he found that there had developed among the masses a desire for a settlement that would be commensurate with the sacrifice in blood and treasure that had been made by the people. If left to the diplomats in Europe alone a return to the territorial status quo would perhaps not be difficult, some of the information indicated.

In Germany it seemed, according to reliable information given to the president, that the object of the large and influential party was to prepare public opinion for a realization of the idea that Germany's best interests lie in colonial expansion and the incidental development of overseas commerce rather than in territorial extension in Europe proper. The question however, which Colonel House thinks likely will play a most important part in any peace negotiations, is freedom of the seas.

The foregoing point was discussed at the first and second Hague conferences and at the London naval conference which brought forth the so-called declaration of London, but no general ratification or agreement of which was ever secured.

Colonel Supporter of Principle.
Colonel House is known to be a supporter of the "freedom of the seas" principle and in his discussion of the subject while abroad there is some reason to believe that he had the sanction of the president.

Colonel House found among the allies a widely varying opinion as has already been indicated by the cable editorial expressions of the foreign press.

Neither the president nor Colonel House would make any formal statement tonight on their conferences.

Wilson Most Likely Peacemaker.
President Wilson is considered by Colonel House as the man most likely to restore peace to the world. As the president was playing golf at the Piping Rock Club on Long Island this afternoon, Colonel House, who was sitting on the porch of the clubhouse, turned to a friend and pointed to the president saying that there was the man likely to bring about peace.

Colonel House told friends that the president knew far more about the European situation than he did and was handling the problems growing out of the war in a highly intelligent manner and as well as any man could handle them.

RECITES EFFORTS TO
MINIMIZE DELAYSENGLISH MEMORANDUM SENT TO
U. S. IS MADE PUBLICAsserts That American Citizens
Have No Just Right to Complain
of the Treatment Accorded Their
Cargoes.

WASHINGTON, June 23.—Great Britain in a memorandum transmitted to the United States and made public here and in London tonight recites at length its efforts to minimize inconvenience to neutral commerce resulting from the order-in-council against trade with Germany, Austria and Turkey and asserts that American citizens have no just grounds for complaint on account of the treatment accorded their cargoes. No attempt is made to answer the principles asserted in the American note of March 1st, protesting against the order-in-council and insisting upon the right of neutrals to carry on legitimate commerce with each other and to trade in non-contraband with civilians in belligerent countries. In transmitting the memorandum, Ambassador Page said it was "merely an explanation of concrete cases and the regulations under which they are dealt with."

Note is Being Prepared.
Another note to Great Britain is now in course of preparation at the state department and is expected to be despatched as soon as the negotiations with Germany in regard to submarine warfare have been cleared up.

While this communication probably will make reference to the latest memorandum it is understood that the manner of enforcing the order-in-council will not be treated as relevant to the question at issue—whether there is any warrant in international law for the powers that Great Britain and her allies have assumed to exercise over the commerce of the world.

Emphasizes Special Concessions.
It is its memorandum the foreign office emphasizes the "various special concessions made in favor of United States citizens" in setting forth that all British officials have acted in every case "with the utmost dispatch consistent with the object in view and of showing in every case such consideration for neutrals as might be compatible with the object namely, to prevent vessels from carrying goods for, or coming from the enemy's territory."

Arrangements for buying American cotton detained and for permitting the passage of goods bought in Germany by Americans before the date of the order-in-council are outlined and the promise made that consideration will be given to special cases of this kind in the future.

Twenty-seven Vessels Are Held.
According to a summary of ships detained there are now 27 vessels which cleared from the United States now held in ports of the United Kingdom. Of these eight are said to be unloading cotton which Great Britain has agreed to purchase, seven will be allowed to depart as soon as items of their cargo placed in a prize court have been discharged and the other twelve—three of them American ships—are the subjects of investigations not yet completed.

"His majesty's government," the memorandum concludes, "are earnestly desirous of removing all causes of unavoidable delay in dealing with American cargoes and vessels which may be detained and any specific inquiries or representations which may be made by the United States government in regard to particular cases will always receive the most careful consideration and all the information which can be afforded without prejudice to prize court proceedings will be readily admitted but they can scarcely admit that on the basis of actual facts any substantial grievance on the part of the American citizens is justified or can be sustained and they, therefore, confidently appeal to the opinion of the United States government as enlightened by this memorandum."

CONFINE ARGUMENT TO PROPOSED
INCREASES ON MEAT PRODUCTS

WASHINGTON, June 24.—Arguments before the interstate commerce commission today in the western advance freight rate case were confined to the proposed increases on fresh meats, packing house products, green salted hides and fertilizer.

Representatives of the railways and packers appeared in support and in criticism of the increases. It was agreed by both sides, however, that the advance on all these commodities would amount to about three and one-half cents per hundred pounds.

Argument will be continued tomorrow, probably on the proposed rates on livestock.

TARIFFS ARE SUSPENDED.

Washington, June 24.—Tariffs of the Cleveland, Cincinnati, Chicago & St. Louis railroad proposing increases on grain in carloads from points in Illinois to Peoria and Pekin, Ill., on interstate shipments were suspended today by the interstate commerce commission until October 23.

EIGHT ARE KILLED IN
HEAD-ON COLLISIONFAST EXPRESS CRASHES INTO LOCAL
TRAIN ON BRIDGEEngines are Telescoped—Baggage
Car Leaves Bridge and Parlor
Car is Suspended Over the Side—
From Twelve to Fourteen are
Killed.

Gettysburg, Pa., June 24.—Eight persons are known to have been killed and from twelve to fourteen were injured in a head-on collision between the Blue Mountain special and a local train on the Western Maryland railroad near the Mason and Dixon line tonight. The trains, which were going at high speed, met on a bridge spanning a deep ravine between Highfield and Thurmont and it is feared that some of the passengers were thrown from the bridge. The location of the wreck is isolated and darkness prevented rapid search. Telegraph wires were carried down and it was difficult to obtain information. A mistake or misunderstanding of orders is believed to have been the cause. The trains had orders to stop at certain places but error had occurred and the last express was going almost sixty miles an hour when it struck the local train on the bridge. The engines were telescoped; three members of the engine crews and a baggage-master being killed. Three and possibly four passengers were killed. The identified dead are:

Charles Cook, engineer of the accommodation train.
Charles R. Fritz, fireman.
Luther Hull, baggage-man.
Mrs. Chiphase of Baltimore and her son.

A baggage car apparently was the only one that left the bridge but one of the parlor cars was suspended over the side. All the cars of the special train were of steel construction. The injured were taken to Hagerstown and Thurmont but the relief work was difficult. The private car of President Gray, containing a number of officials of the Western Maryland was on the train but none of the officials were killed. The bridge on which the accident occurred is two hundred feet high and it was considered miraculous that both trains were not precipitated to the bottom of the ravine.

REPLY WILL GO LONG WAY TOWARD
MEETING WISHES OF UNITED STATESGermany Will Probably Make
Proposal to Exempt Passenger Ships
From Submarine Attack.

Berlin, via London, June 24.—There are good prospects that the forthcoming German note to the United States will go a long way toward meeting the American government's wishes regarding Germany's conduct of submarine warfare and making passenger traffic on the high seas safe.

While it is stated that submarine action against hostile merchantmen will not and cannot be abandoned entirely, it is increasingly probable that the German note will embody some proposals to exempt ships employed wholly or principally in passenger traffic from submarine attack.

Such ships, it is said, would, of course be subject to stoppage and examination by submarines in accordance with the practice in vogue prior to the present war and to capture if carrying contraband but the regular rules of the prize law, particularly regarding the safety of passengers and crews, would be observed. It is hoped here that such a solution will satisfy the requirements of President Wilson's note. It is hoped here among those who are working for a friendly settlement of the situation between Germany and the United States, that the United States would see that such passenger ships were not used to transport ammunition and guns nor lend themselves to attacks on submarines.

RESCUE WORKERS RECOVER
BODIES OF ENTOMBED MINERS

JOPLIN, Mo., June 24.—Rescue workers after 14 days of toil dug their way into the "face" of the Longacre-Chapman mine at Neck City late this afternoon and on top of a pile of timbers found the bodies of Daniel Hardendorf and Reed Taylor. The two men apparently had been dead several days. Last Thursday morning when the rescue crew tapped on an airline pipe running through the drift they reported that they received a response from the two men.

Four other men who were at work in the mine when the cave-in occurred were rescued alive five days later.

NAME HOUSTON PRESIDENT OF
WORLD ADVERTISING CLUBS

CHICAGO, June 24.—Herbert S. Houston of New York was elected president of the Associated Advertising clubs of the World at the closing day's session of the eleventh annual convention. The gathering ended tonight after a session in which the delegates viewed most of the varied features of the week's doings reproduced in moving pictures.

LaFayette Young, Jr., of the Des Moines Capital of Des Moines, Iowa, was elected vice president.

P. S. Florea of Indianapolis was re-elected secretary and treasurer. The next convention will be held in Philadelphia.

War News Summarized

Petrograd seems to be in no wise discouraged over the enforced retirement of the Russian troops from Lemberg, the capture of which by the Teutonic allies is being celebrated by great rejoicing in all the towns of Austria and Germany. Nevertheless the Russian army is still in retreat, so far as advices from the Lemberg district indicate, although strong Russian rearguards are opposing a further Austro-German advance with the utmost determination.

Further south along the Dniester river another Russian army is fighting desperately to prevent the Austrians and Germans from breaking through. The German General Linsingen, Berlin reports, has succeeded in crossing the river, which is taken as an indication in that capital that his advance cannot be stayed.

Artillery has held sway in the operations in France, the Germans expending a vast number of shells on Berry-Au-Bac, Saigneul in the Argonne and on Metzlar. A recent bombardment of Dunkirk by the Germans involved the expenditure of 36 tons of great shells from their long range guns.

Berlin advices say the prospects are good for the fourth coming German note to the United States meeting the American government's wishes regarding the submarine warfare. It is intimated that Germany may consent to an examination before taking action.

THAW HEARS SIXTEEN
TESTIFY HE IS SANENEARLY ALL ARE FRIENDS HE MADE
IN CANADA AND NEW HAMPSHIREPrisoner is Especially Pleased With
Testimony of Sheriff Drew, Who
Arrested Him and Was His Custodian
for Sixteen Months.

New York, June 24.—Harry K. Thaw, sitting beside his lawyers at the jury trial to test his sanity, today heard sixteen more witnesses—nearly all of them friends he had made during his sojourn in Canada and New Hampshire—testify that they believed he was a rational man.

One was a physician who had attended to his sprained ankle, another had sold him an automobile, another had gone fishing with him, another camping; one was the sheriff who was his custodian in New Hampshire for sixteen months; one an aidman of Sherbrooke, Que., who said he thought so much of him that he had invited him to settle down there as one of the city's business men. All declared that Thaw conducted himself like a gentleman, had no delusions and was rational, both in speech and action.

Gives Evidence of Satisfaction.
Thaw, turning frequently to newspapermen who sat near him, gave evidence of his satisfaction at the mass of evidence in his favor that his counsel was presenting to the jury. The attorneys for the state, however, near failed in cross-examination to ask each witness whether Thaw had at any time discussed women with them or any of the circumstances that led to the murder of Stanford White. None would say that these topics were brought up, whereupon the state's examiners would make the point that a paranoiac such as Thaw is alleged to be, might converse rationally except when his delusion was mentioned.

Thaw was especially pleased with the testimony of Sheriff Drew of Coos county, New Hampshire, who arrested Thaw and was his custodian for sixteen months.

Drew Most Important Witness.
"Drew," said Thaw to his newspaper acquaintances, "is our most important witness. He knows more about my sanity than anybody else in New Hampshire. He was with me every day."

In preparation for the state's side of the case, deputy Attorney General Cook applied to Justice Hendrick this afternoon for an order to have a commission take the testimony of Dr. Charles W. Elliot, president emeritus of Harvard, as to why Thaw was expelled from that institution in 1892.

He said that the justice would grant the order tomorrow.

Thaw Writes Statement.
Thaw when he heard of the application immediately wrote out a statement which he handed to newspapermen.

"This commission matter," it read, "simply shows that Cook is waving the white flag preparatory to surrender. He has not been able to get anything new that dates within the past twenty years. He is starting on a fishing expedition. That's all it amounts to. It is absolutely untrue that Dr. Elliot called me to his office at midday or noon and asked me to leave the university at 3 p. m. What occurred I prefer not to say. I prefer to leave it to Dr. Elliot. I am quite willing to accept his statement and content myself with pointing out that Mr. Cook shows in this course that they are not interested chiefly in the question of my present sanity."

CORONER'S JURY HOLDS
CAMPBELL FOR MURDERTACIT DOUBT OF CONVICT'S GUILT
IS EXPRESSED IN VERDICTStipulates That Charge Should Not
Preclude Suspicion Against Others—Dunne Sends Representative
to Prison.

Joliet, Ill., June 24.—The coroner's jury which conducted the inquiry into the death of Mrs. Edmund Allen, wife of the warden of the penitentiary after long debate, decided tonight to hold Joseph Campbell, a negro convict on the charge of murder.

Expresses Tacit Doubt of Guilt.
A tacit doubt of Campbell's guilt was expressed in the verdict, however, which expressly stipulated that the charge against Campbell should not preclude suspicion against others and officials at the prison were directed to continue the quest into circumstances surrounding the fire in which Mrs. Allen lost her life Sunday morning, in the hopes of revealing evidence that will prove Campbell's innocence or more clearly reveal his guilt.

Much of the evidence which has been given in the long inquest has tended to implicate Campbell, but in spite of an almost continuous cross examination the negro has not broken down and only in minor counts has he become confused and contradictory. The jury deliberated for hours and shortly before 10:30 announced they had reached a decision that Campbell must be held. He will be transferred at once to the Will county jail.

Dunne Sends Representative.

State Representative John P. Devine of Dixon went to the penitentiary today as the personal representative of Governor Dunne to give what aid he could in seeking out the murderer of Mrs. Allen and also, it was said, to pass judgment on the continuance of the "honor system."

If the governor is convinced that the plan of extending liberty and privileges to trusted convicts is in any way responsible for permitting conditions that enabled a convict to gain access to the sleeping quarters of the warden's wife, he will take steps to enforce a stricter discipline within the prison walls.

Devine bears letters to the prison officials instructing them to give him access to the prisoners, particularly "those suspected of being guilty of the horrible tragedy that took place last Sunday."

DECLARE FORTY-FOUR MONTHS'
STRIKE OF SHOPMEN AT AN ENDAnnouncement is Made in Letter
Issued by Railway Employees De-
partment of the American Federa-
tion of Labor.

Mount Vernon, Ill., June 24.—The forty four months strike of shopmen of the Harriman, Illinois Central and Pere Marquette railroad lines has been declared officially at end at 10 o'clock on the morning of June 24th, 1915, by the railway department of the American Federation of Labor.

Announcement of the termination of the strike is made in a circular letter from the railway employees department of the American Federation of Labor received by union officials here. All unions concerned have ratified the action, it was said here, except the boilermakers and blacksmiths. The terms of the settlement are not mentioned.

The letter announcing the end of the strike follows in part:

"We have had your loyal support and co-operation together with that of those directly affected during the three years and eight months these strikes have been in existence and after using every honorable means at our command we have been unable to bring about an adjustment; we therefore are unanimously of the opinion that the time has arrived when it becomes our duty to take definite action and terminate these strikes."

"Therefore it is the decision of the department that the strikes of the Illinois Central, The Harriman Lines and Pere Marquette Systems are declared officially at an end on and after June 24th, 1915."

CHICAGO AREA OF M. E. CHURCH TO
START CAMPAIGN TO RAISE FUND

CHICAGO, June 24.—A campaign will be started in the Chicago area of the Methodist Episcopal church to raise its portion of the \$10,000,000 fund for the conference claimants of the church according to action taken at a meeting today of the delegates of the area called by its chairman, Bishop Willard Frazer McDowell.

A commission was authorized by resolution to take immediate action to remedy the existing condition and this body will be appointed by Bishop McDowell tomorrow.

GERMAN IS SHOT DEAD.

Amherst, N. S., June 24.—Fritz Clause, a German prisoner was shot dead and four other prisoners said to be Germans were seriously wounded during an altercation with guards at the enemy internment camp near Amherst today. Only meagre details of the shooting were received here but they are said to have followed an assault upon one of the guards by a prisoner.

GIVES DEFINITION
OF NATIONAL HONORBRYAN ADDRESSES MEETING IN
MADISON SQUARE GARDENFormer Secretary Calls Upon His
Hearers to Cast Their Influence
in Favor of Peace for the United
States.

New York, June 24.—William Jennings Bryan, addressing a meeting in Madison Square Garden tonight under the auspices of "The friends of peace", an organization of various societies of American citizens, gave his definition of national honor and called upon his hearers to "cast your influence, not in favor of either side, but in favor of peace for the United States and against war with any of the belligerent nations."

He reiterated his views regarding his proposal to submit all disputes to an international commission.

Asks Embargo on Arms.
After Mr. Bryan spoke the meeting passed a resolution calling upon the government to place an embargo on the exportation of arms and ammunition.

Mr. and Mrs. Bryan arrived here from Washington late this afternoon. They met at the station by a delegation of men and women who wore peace badges and who gave the former secretary of state an enthusiastic reception.

Mr. Bryan began his address tonight by declaring his conviction that the people of this country would stand solidly behind the president in case of war. But whether we should engage in war, he said, is a question which is still open for discussion. Mr. Bryan asserted that there is no question but that the nation's honor shall be maintained but only a question was to what is national honor and what it requires. He defined national honor as a sentiment and sentiment as one of the greatest factors in human progress.

Mr. Bryan said all citizens were agreed that this country should follow an honorable course but whether it should be the old, blood-stained definition which he said the jingoists recommended or a definition in harmony with the spirit of the age is a question upon which every citizen has a right to speak.

Speaks of Change in Sentiment.
He spoke of the change in sentiment in respect to a resort to physical force. As an instance he said that duelling, once a custom in the United States was now forbidden. This he said has been accomplished by those who have taken their stand on the side of intelligence and morality.

"In the matter of war," Mr. Bryan continued, "we have made less progress than along some other lines, partly because a few profit largely by war; partly because race and national hatreds have blinded many to the truth and partly because international rivalries have been made a pretext for protection which they themselves provoke war."

"I appeal to you to make your views known to the president that he may be strengthened against the insolent clamor of those who ridicule peaceful methods and, as if infuriated by the scent of blood, are hawking for war. I appeal to you to cast your influence not in favor of either side but in favor of peace for the United States and against war with any of the belligerent nations."

CREATES SECRETARY'S ADVISORY
COUNCIL IN NAVY DEPARTMENTWill Include Assistant Secretary,
Chief of Operations, Bureau
Heads and Other Naval Officers.

Washington, June 24.—Creation of the secretary's advisory council, in the navy department, to include the assistant secretary, the chief of operations, the bureau heads and other naval officers was announced tonight by Secretary Daniels. At the same time the secretary made known his intention to discontinue the system of aides originated by his immediate predecessor, Secretary Mahan, a step forecast by the establishment of the new office of chief of operations.

Captain Josiah S. McKean, now commanding the battleship North Dakota, has been designated assistant for material to the chief of operations. Captain Volney O. Chase, previously had been named assistant for operations.

JUDGES TO DECIDE
SALARY INCREASEQuestion Involved Is
When the Terms of the
Jurists Commence

COMMISSIONS MAILED

Act Raising Salaries Is Effective
July 1, Providing Govern-
nor Signs Measure

APPROVES SEVERAL BILLS

SPRINGFIELD, Ill., June 24.—Whether or not the twenty circuit judges and two superior court judges elected in Cook county June 7th last are entitled to the \$2,000 a year increase in salary provided by the forty-ninth general assembly probably will be put up to some of these same judges to decide. The question involved is whether terms of office of these judges commences when their commissions reach them or when they take the oath of office.

Commissions Are Mailed.
The commissions bearing the signature of Governor Dunne, were mailed to the newly elected judges today. The act raising the salaries of circuit and superior court judges in Cook county from \$10,000 to \$12,000 a year will become effective July 1st next assuming that Governor Dunne approves the bill covering the subject. If the judges' terms commences when they receive their commissions they cannot, under the constitution, receive any increases in salary while in office. If, however, their terms do not commence until they take the oath of office, they will be entitled under an express stipulation of the bill to receive the additional \$2,000.

Board Completes Canvass.
The decision of the state canvassing board consisting of the secretary of state, auditor, attorney general and treasurer, to canvass the vote cast in the judicial election was made yesterday after one of the justices of the supreme court had called upon Governor Dunne, in behalf of the court, and advised him that their court was about ready to adjourn and desired to know who were elected judges in Cook county so that they might make their assignments to the appellate bench before adjourning. It was then decided to proceed with the canvass at once. The canvass was made this morning, and upon showing made Governor Dunne issued the certificates of election.

In the meantime word came from Chicago that it was planned there to hold the election returns until after the salary increase became effective, but that an over-zealous clerk had forwarded the returns to Springfield. A series of telegrams was fired at Secretary of State Stevenson, advising him that a mistake had been made in the total vote credited to Judge Brentano and asking that the returns be sent back to Chicago.

Since Judge Brentano had no opposition in the election and a discrepancy in his vote could have no possible bearing on the outcome, the state canvassing board decided to proceed with the canvass.

Bills Approved by Dunne.

Additional bills were approved by Governor Dunne this afternoon as follows:

H. B. 500 (Thon)—Permitting service by summons in forcible detainer suits in the Chicago municipal court on any persons twelve years old residing on the premises and increasing the salary of the attorney of the bailiff of the court.

H. B. 35 (Gardner)—Judge Goodnow's bill making child and family desertion a continuous offense.

H. B. 147 (Scanlan)—Providing that roads may be changed upon petition of at least twelve interested land owners.

H. B. 946 (Committee)—Providing that both judges of the city court in Peoria shall be elected at the same time.

H. B. 63 (Kessinger)—Enabling cities outside Chicago to establish municipal playgrounds.

H. B. 812 (Mauker)—Legalizing annexations to municipalities where the legality of the municipality is in question.

H. B. 89 (Prendergast)—Permitting jail prisoners to receive food, clothing, etc., at personal expense, from outside the prison.

H. B. 735 (Conlon)—Authorizing Lincoln Park Commissioners to issue \$1,000,000 in bonds for park improvement purposes.

H. B. 887 (Devine)—Authorizing special elections on propositions of borrowing funds for bridge building and others.

Secretary McAdoo has a reputation as an excellent mechanical engineer and business man. But he is not an expert on export figures. The government bulletin just issued indicates that the total custom receipts for the year will run at least \$30,000,000 less than the estimates made last fall. Quite a neat little difference.

A German day celebration is to be held in St. Louis in the course of the next six weeks under the auspices of the American Neutrality league and William J. Bryan has been asked to make the principal address. This invitation can be looked upon as occasioned largely by Mr. Bryan's attitude on peace and toward the German nation, for the former secretary is not especially popular in Missouri, the home state of Champ Clark. Last year 50,000 Germans attended the celebration.

Newspaper Advertising.

George M. Brown of St. Louis, president of the General Roofing Manufacturing Company, called the daily newspaper the very best medium of advertising when he talked to the publishers and representatives at the newspaper conference in Chicago Wednesday.

"By using the daily paper instead of the medium of national circulation we can tell a special story in any community. Telling the story quickly is of immense importance to us, and we can decide on a new story and get it to the readers of newspapers within ten days—in fact to the bulk of them within five days. With the national medium, because of the advance copy demands, this quick result is impossible.

Is Morgan County Lagging?

The most recent county to employ a farm adviser is Mason and Frank Baldwin of Fulton county has been employed. He is a graduate of the University of Illinois and since taking his degree there has had actual experience in superintending his father's big farms in Fulton county. Mason City, Easton and Havana have all been striving to secure the location of the adviser's office and Havana has been finally decided on. Yesterday 150 automobiles filled with Kankakee county farmers followed a route laid by their farm adviser which took them practically all over the county, inspecting farm crops and conditions. Just the other day a delegation of Livingston county farmers headed by their adviser visited the Notre Dame university farm in Indiana where poor sand land under the skillful direction of Brother Leo has been made after a few years of development work produce 124 bushels of corn to the acre and where this year 141 acres of alfalfa it is estimated will produce a crop valued at \$10,575. When all of these activities are considered and there are many others in the state which might be noted the question arises are Morgan County farmers doing all in their power for the development of the soil and the increase of crops? Wouldn't a farm adviser in this county be a paying investment?

The Paramount Issue.

According to the belief held by Senator Sherman as indicated in a recent speech in Indiana the tariff is certain to be the main issue in the next presidential campaign. The question of peace policies and our relations with foreign countries including Mexico may have some consideration in the platforms but Senator Sherman sees in the present condition of business a sound proof for his statement that the people will be interested most of all in the re-establishment of the policy which will bring back business prosperity. The tariff changes made by the Democratic party have been disastrous to business. The resulting condition has been felt by rich, middle class and poor and thus the issue of business prosperity will most certainly be thrust forward as the question of greatest interest to all. In Senator Sherman's Indiana speech he said:

"The Democratic party has learned too late that legislation which cripples the employer will at last cripple the employee. The whole industrial system is interwoven with the material prosperity of every other occupant. It cannot be injured without at last injuring all. In spite of the increase of war exports no general improvement in industrial lines is found. In a report of the department of labor covering conditions of the middle of Feb. 1915, 16 per cent of the wage earners of the large industrial cities investigated were idle. This official finding supplements the general knowledge we have of existing conditions. Unemployment continues. The manufactured prosperity stories have not put a single person on a payroll. Such conditions will continue until the Republican party substitutes a sound system of protection for the present deficit creating, payroll destroying tariff act. Free

trade has been tried often enough and found a failure to be declared a habitual offender under economic laws of self-protection.

"The 5 per cent rebate clause has in substance favored approximately fifty American ships and 5,500 foreign ships. It will subtract by its retroactive character \$15,000,000 from the treasury that is now the usual Democratic financial vacuum. A deficit is inevitable. Frantic efforts to reform and economize by several of the government departments have effected no economy. Their principal result is the impairment of the public service.

"There have been increases only in war supplies. The exports are temporary in character and furnish no basis for permanent industrial prosperity. The foodstuff exports tend to increase the cost of living and make life harder for the unemployed.

"The significant fact is that our increase of exports is wholly chargeable to contraband articles of war. Under the Democratic tariff we must lose this export trade because they are articles which are freest or reduced below the protective point. The peace supplies, such as iron, copper and their manufactures, clocks, watches, steam engines and agricultural implements, all show a decrease even now in exports. With the resumption of peace that decrease will continue and aggregate larger figures.

"There is but one escape from the inevitable, that is to build up a protection which can be done only by the Republican party. It is the only remedy for existing conditions."

Number of Drug Takers.

Journal of the American Medical Association: Since the passage of the Harrison law numerous statements have appeared in newspapers and medical journals regarding the number of drug addicts in the United States. Most of these statements are mere guesses, no accurate data existing on which to base any careful estimates. Certainly the maximum figures given by some writers are greatly exaggerated.

In a recent issue of the Scientific American Lucius P. Brown, food and drug commissioner of the state of Tennessee, furnishes data on which to base a more or less accurate estimate. From figures derived from the operation of the food and drug laws of Tennessee, Commissioner Brown estimates that there are approximately 5,000 drug addicts in that state. As Tennessee comprises about 2 1/2 per cent of the entire population of the country, this would indicate that there are about 225,000 drug addicts in the United States.

"But," says Mr. Brown, "Tennessee, being an agricultural state and therefore decidedly more free from such addicts than those states where the pressure of modern life is harder, we should add 10 per cent at least to this number on the assumption that the drug addicts throughout the country will average ten per cent higher than in Tennessee, giving in round numbers 247,000 drug victims for the entire country." On these figures he concludes that 250,000 is a maximum estimate and that the addicts annually use about \$6,500,000 worth of drugs unnecessarily. These figures, as Mr. Brown says, are bad enough, but they are different from the 2,000,000 or 2,500,000 drug addicts which have been claimed by some sensational writers.

WITH THE SICK.

William Newman who had an operation on his foot recently is now able to be at the office in his garage. The foot is still in dressings and it will be some time before he is able to rest any weight on it.

Miss Ethel Henry, daughter of John Henry of East College street is a patient at Our Savior's hospital.

Mrs. C. A. Peterson of 1341 South Clay avenue is convalescing after a three months illness.

E. H. Johnson of 1315 South Clay avenue is convalescing after having his shoulder broken a short time ago. He is able to be up and about the house.

Fresh White Fish, Sargent's Market.

Mrs. Thomas Heaton expected to go to Virginia today for a visit with relatives and friends. She will be joined later by Mr. Heaton.

Mrs. George Rawlings and Mrs. George Snyder were in the city from Franklin Thursday.

A. J. Koehnemann and Ezra Platt of the Renard Linoleum company of St. Louis were in the city Thursday. William Frost and James Gordon were Winchester visitors in the city Thursday.

MISS MARIA PETEFISH TO ASSUME STAR CAST.

Miss Maria Petefish, daughter of Mr. and Mrs. L. A. Petefish, formerly of Virginia, but now of Springfield, has been chosen as film heroine of the Springfield motion picture drama. She will represent the slaughter of John H. Cooper, a big mine owner, around which scene a romance is built. Miss Petefish is well known in Jacksonville where she visits frequently.

PLANNING FOR HOME COMING.

Citizens of Franklin held a meeting recently when plans were talked over relative to their annual home coming which will be held this summer. A committee consisting of F. E. Patterson, John P. Smith and George Jolly was appointed to see what could be done in a financial way to guarantee a certain sum for expenses, \$500 at least being needed.

Dr. and Mrs. J. R. Harker and daughter Ruth expect to leave the first of the week for a visit in California. While away they will visit their son Ralph and daughter, Mrs. Riddell.

FIFTY-SEVEN STUDENTS

FINISH FOUR WEEK'S COURSE

Many Pupils Take Advantage of Offer of Supt. Collins to Make Up Studies in the Grades.

Fifty-seven boys and girls have taken advantage of the opportunity to attend the four weeks school, under the direction of Supt. Collins, which closes today. These students were behind in from one to two studies from the 4th grade up through the 8th. An examination was given at the end of two weeks and some passed. At the end of the three weeks most of them passed and in the examinations held yesterday it is expected that in nearly every instance the required work will have been completed. The students have been under the instruction of Miss Jennie Grassly and Miss Bertha Mason. Those who still have work to make up can do so at a nominal cost with Mrs. Florence Dresser Hurst at 1003 South Clay avenue.

The students came to the high school at 8 o'clock and the scheduled call for recitations up till 12 o'clock. Two rooms were used for recitations and one for study room. As they finished their recitations the students went home. The charge was \$1 a week for where one study was taken and \$1.50 for two studies. This money was given the two instructors which made their pay equivalent to what they were regularly receiving.

The plan has been a great impetus to those pupils who wished to continue with their class and to be deficient in no study. The plans met with considerable favor by the parents.

SOCIAL EVENTS

Mrs. Normal Kuykendall entertained the West Side Thursday club yesterday afternoon at her home, 1617 South Main street. About fifteen were present and a very enjoyable afternoon spent.

Birthday Social of Congregational Ladies.

A birthday social of the ladies of the Congregational church was held Thursday afternoon with Mrs. E. W. Smith. The following were the hostesses: Mrs. W. A. Bancroft, Mrs. E. P. Kirby, Miss Sue Ellis, Mrs. O. H. Kuehler, Mrs. B. W. Smith, Mrs. Ada Rantz, Mrs. Mary F. Smith, Mrs. E. P. Brockhouse, Mrs. H. M. Capps, Mrs. W. W. Carter, Mrs. F. J. Waddell, Mrs. J. W. Brown, Mrs. George W. Brown and Miss Georgia Fairbank.

Birthday Social.

The birthday social of Westminster Church Aid Society was held Thursday afternoon at the home of Mrs. Charles Cox on South Diamond street. The hostesses in addition to Mrs. Cox and her daughter, Miss Edna Cox were Mrs. S. O. Barr, Mrs. Geo. Massey and Mrs. Thomas Reaugh. The afternoon proved one of great pleasure.

Amoma S. S. Class Surprises Teacher.

At the regular business session of the Amoma Sunday school class of the First Baptist church held Thursday evening at the church, the members had a pleasant surprise for their teacher, Mrs. A. B. Williamson, who was presented a number of pretty china plates, the occasion being her birthday. The presentation speech was made by Mrs. A. H. King, secretary of the class and a happy response was given. A splendid chicken supper was enjoyed and in the midst of the festivities, Mrs. E. J. Huff of Virginia, a former teacher of the class walked in and was given a hearty welcome.

Kitchen Rush for Miss Zella Routzong.

Miss Zella Routzong was given a kitchen rush Thursday evening by Misses Bess and Grace Hadden at their home, 248 Caldwell street. Intimate friends of Miss Routzong were present and the event was held on the lawn, which was tastefully decorated with Japanese lanterns. The various gifts for Miss Routzong were secreted about the yard and the bride-to-be had to hunt for them while one of the members gave a clue by the use of the piano. During the evening suitable refreshments were served.

Unity Workers of Woodson Hold Meeting.

The Unity Workers of the Presbyterian church of Woodson met Thursday afternoon with Mrs. J. L. Coleman, and a business session was held and a social time enjoyed. A feature of the gathering was the fine chicken pie dinner served. The ladies decided on August 5th as the date for their annual chicken fry. The program included a reading by Mrs. Susan Iram and an instrumental solo by Miss Edith Colton and a reading by Miss Lula Casteen. The committee in charge consisted of Mrs. J. L. Coleman, Mrs. W. W. Colton, Mrs. James Devore, Mrs. William Rook and Mrs. J. Steinmetz.

The workers have pledged \$200 for the support of the church for the current year.

EXPECTS TO TAKE UP MINISTERIAL WORK LATER.

Rev. Henry S. Alkire, former pastor of Brooklyn M. E. church but now pastor of Park street church, Bloomington, who has resigned his intention of taking a supernumerary relation to the Illinois conference, has written the Journal that he does not intend to quit the ministry but is simply going to his few acres in the Gulf Coast country to regain his health. His family too are very desirous of trying the out of door life. He states that he will probably do some evangelistic work in the meantime. At present Mr. Alkire is enjoying the pleasures afforded at Wilcox Lake.

And that's why I guard it so jealously.
When I select the meat for pot or pan,
I invariably go to my Butcher Man:
For I know all he sells is perfectly good.
The freshest and best of palatable food:
And the money I save on the meats I buy.
Will show how well I can justify
My claim that it pays to share you see,
Is the Butcher Man's reciprocity."

FIFTEEN HUNDRED DOLLAR NOTE BASIS OF COURT SUIT

William Kastrop, the Defendant Claims Paper Was Secured Through Fraudulent Means—Jury Fixes Small Damages in Suit of Mrs. Benson Against Becker & Wade.

Belkatti, Belkatti & Moriarty as attorneys for Mrs. Roxanna Benson, filed a suit against Morris Becker on the charge of trespass. Only the praecipe has been filed and damages are fixed at the sum of \$500. This is said to be a suit growing out of the removal of fixtures from the Benson building by the Sanitary Cleaning company, of which Becker, a non-resident, is the president. In the circuit court yesterday evidence was taken in the case of Mrs. Roxanna Benson vs. Becker & Wade, and the jury returned a verdict fixing the damages of the complainant at \$25. In this case Mrs. Benson, who owns the Benson block on South Sandy street, alleged that in removing certain fixtures used in the Sanitary Cleaning shop which was operated in the building that damage was done to the building. The jury which heard the case included G. S. Hollinger, H. B. Garfield, F. G. Jolly, Henry Conrady, F. G. Simms, Otto Kuchman, J. O. Vosseller, William Rouland, C. W. Kitter, P. W. Runkle, Henry C. Kumble and J. G. Govea.

Suit on Note.
Late in the afternoon hearing was begun on the suit of the German-American bank against William Kastrop. The complainant is represented by William N. Haigrove and the defendant by James O. Priest and Judge W. E. Thomason. The basis of the suit is a note for \$1,500 which was made last August, signed by Mr. Kastrop, made payable to himself and endorsed by him. It is the contention of Mr. Kastrop that the note was secured by fraudulent means by a representative of the Midland Casualty company and that the present holder of the note cannot be considered as innocent holder and did not give face value for the paper. According to Mr. Kastrop's attorney he had a conversation with the representative of the Midland Casualty company when there was considerable talk about his purchasing \$1,500 worth of stock in the company and that during the discussion he signed the note, but subsequently did not make any contract or agreement with the company representative and decided not to purchase the stock. He maintained that subsequently he remembered having signed the note, but declared that no stock was given for it or nothing else of value and that the note could not be considered as a proper claim against him. The jury hearing the evidence consisted of Charles Gray, Elijah Henry, Robert Baptist, J. D. Oliver, J. N. Deatherage, G. M. Fuhr, Edward Killan, Oliver Stout, W. H. Fuller, W. L. Shibe, J. J. Brennan and F. W. Runkle.

When the defense made an effort to prove by Mr. Kastrop that the note in question had been obtained from him by fraud and to describe the method used in securing his signature, Attorney Haigrove objected. He declared that the note was not presented until after the evidence and by the complainant who had purchased the note in good faith and that it was not proper evidence to show any of the circumstances by which the paper might or might not have been secured. Judge Burton asked that authorities be presented on this matter and the point will be argued this morning.

Trust Company Service

That the highest degree of efficiency in the administration of estates is attained by trust companies is becoming well recognized. Wealthy and far-seeing men commit the management of their estates to trust companies because their wisdom and experience prove this course to be safest and best.

Why should not the family of the man of moderate means enjoy the advantage and protection afforded by trust company service? Prompt, efficient administration that will conserve the small estate and protect its beneficiaries is far more important to the family of moderate means than to the one of wealth.

This company gives the small estate the same careful attention as the large one. Its fees are controlled by law, cannot be greater than those allowed individuals, and in most cases, considering the service rendered, are less.

TEUTONS THROW FORCES ACROSS THE DNIESTER

MOVE TAKEN TO PRESAGE ANOTHER RUSSIAN DEFEAT

Muscovites are Still Retreating in the East—French are Slowly Gaining at Certain Points on the Western Front.

London, June 24.—The Russians are still retreating in the east, the French are slowly gaining at certain points on the western front.

With the fires set by the retreating Russians still burning, the Austro-Germans are now firmly established at Lemberg and have shown no sign of ceasing their offensive. The battle of the Dniester to the south of the city is not yet over, but, according to Berlin, General Linsingen has been able to throw his forces across the river, a fact which is taken in some quarters to presage another Russian defeat.

May Move Against Warsaw.
With Galicia all but cleared of Russians, the weight of Austro-German forces released in that theater must soon be felt somewhere but opinions are divided as to whether it will be on the western front or in Poland. One theory is that the Germans will launch against Warsaw another terrific attack, similar to their drive in Galicia. This coincides with the belief that it is the Austro-German plan to batter Russia more before turning west.

Opposed to this are reports that troops from Galicia are already journeying westward and that Germany plans to start a fresh campaign in the near future along the Belgian coast.

Lemberg Celebrates Victory.
Lemberg is celebrating the return of the Austrians and Vienna has not yet ceased her revelry at the recapture of the city. Petrograd, meanwhile, continues to depreciate the military importance of the achievement, professing confidence that it will have no bearing on the ultimate outcome of the war.

The first day of David Lloyd George's appeal for munitions workers seem to indicate that an adequate number is being enrolled. The whole country is now in the throes of a recruiting campaign more intense than any previous appeal for fighters at the front.

WAR ORDERS AND CROP PROSPECTS CREATE NEW DEMAND FOR LABOR

Requests for Workers Come to Government Employment Office From Many Manufacturers and Farmers.

Washington, June 24.—War orders from Europe, the prospective record-breaking crop of wheat now being harvested and heavy yields of other grains are creating a new demand for labor, according to indications at the government employment office in the department of labor. Requests for workers are coming from many manufacturers and farmers throughout the country and from state commissioners.

Oklahoma is said to need from 16,000 to 18,000 harvest hands and Kansas 30,000.

An Oregon association has applied for 1,000 berry pickers. Zinc and lead mines in Missouri need 1,000 laborers. A Maryland steel company has applied for 100 hands. In West Virginia 2,000 coal mine employees are wanted. So far the department has been more successful in the cities than in country in placing men who want work. Of the 3,495 for whom it secured places last month, 1,500 were sent to Chicago alone, a railroad company having applied for several thousand track workers. It is stated that about 25 per cent of all applicants for jobs during May were placed through the department's efforts.

RETURNS UNDER DIFFICULTIES

Miss Eva Williams who is a teacher in the Kindergarten at Kansas City, came home Tuesday evening. She arrived in Hannibal Sunday night and on account of washouts at Kinderhook on the Wabash has to make the trip via Louisiana and Roodhouse. When she reached Louisiana there was a bridge washed away on the Alton so she came via St. Louis.

London, June 18.—There is a further tightening of the ring by which food supplies are prevented from entering Germany, Austria and Turkey. An order in council this week announces that the exportation of certain important foods for man and beast is totally prohibited, while other foods and forage may only be exported to France, Russia, Spain and Portugal (Russian Baltic ports and Italy banned, as are also neutral countries such as Holland, Norway, Sweden and Denmark); onions, potatoes, rye flour, rye meal, buckwheat, millet, molasses, arsenic and its compounds.

MINISTER FIGHTS ATTEMPTS MADE TO OUST HIM

Rector of St. John's in Philadelphia Has Had Series of Differences With Bishop—Has Openly Disregarded Authority.

Philadelphia, June 24.—Still refusing to surrender to his church superiors, Rev. George Chalmers Richmond will go before an ecclesiastical jury this afternoon on the charges of violation of his ordination vows and conduct unbecoming a clergyman. Rev. Richmond, who is rector of St. John's Episcopal Church, has had a running fight with Bishop Rhinelander for over a year, during which time he wrote to the Bishop protesting against "ecclesiastical spies" and within a month he barred the church gates to Rev. Henry M. G. Huff, who had been appointed rector of St. John's by the Bishop.

Dr. Richmond will be represented by an attorney, and Chancellor Budd of the diocese will preside at the church trial. A long and bitter controversy is expected, for the outspoken preacher says he refuses to be muzzled. He has the backing of the greater part of his aristocratic congregation.

A sensational scene was enacted a few Sundays ago, when Bishop Rhinelander's new appointee arrived at the church. The gates were barred against him, and Dr. Richmond, backed by some of the huskies of his congregation, defied the ultimatum that the Bishop's orders were not to be followed. He charged that Dr. Huff was accompanied by a gang from a lumber camp, and dubbed them the "curbstone vestry." He lectured the man outside the gate for "always being on hand when some dirty ecclesiastical work is to be accomplished."

Dr. Richmond first came into the limelight when he attacked what he termed the "money influence" in the church. He declared the churches were run from Wall street, and when Bishop Rhinelander was elected, he declared that the Holy Ghost was not present at that election. "When the church in Philadelphia is called upon to make its choice between Jesus Christ and cash," he said, "it is found on the side of cash every time."

The charges brought against Dr. Richmond, on which he faces trial today, are, in substance, that he openly disregarded the authority of his Bishop. They involve a number of letters written by Dr. Richmond to the Bishop. In his defense the rector has charged his opponents with conspiring to oust him and that freedom of speech was involved in the whole proceeding.

Among the letters to be introduced in the trial are several concerning the admission of two labor leaders, John B. Lennon and Mrs. Sara A. Conboy, to preach in the pulpit of St. John's. The Bishop allowed Mr. Lennon access to the pulpit, but objected to Mrs. Conboy's appearance there, on the ground that the canons did not make provisions in her case. This dispute arose during the recent convention of the American Federation of Labor.

Dr. Richmond's letter charging Bishop Rhinelander with sending "ecclesiastical spies" to pry into his affairs will also figure prominently in the evidence to be presented against the fighting rector. Dr. Richmond admits writing it, as he does the other letters which brought him before the church bar.

"If I were on trial for my life," Dr. Richmond is said to have declared, "I would sooner have a jury of burlesque actors than some of the clergy of Philadelphia."

KICK OF HORSE FATAL.

Olin, the son of Mr. and Mrs. Charles Rodgers of Athensville was kicked to death by a horse Thursday morning. The horse was a blind one and it is thought the child was trying to curdy the animal. Death ensued six hours after the accident.

Rent Houses Wanted

There has never been a time when desirable rent houses, \$7.50 to \$25, were scarcer at Johnston Agency than they are today. Our facilities for securing the right renter for the right house are good. Being the only agency in the city making a specialty of this business, a constant stream of applicants pours through our office. We know what is due to tenants in the way of repairs, and our tenants stay. On the other hand, we collect all rents in advance, and we do not, upon the average, lose a full month's rent upon one house a year.

Landlords—We think you will find it profitable, and save yourselves a great amount of trouble, if you will let us attend to your rentals. We have made a science of it. And we respectfully solicit your business.

DR. E. D. CANATSEY WILL MOVE TO JACKSONVILLE

Bluffs Times—Dr. E. D. Canatsey announced Thursday morning that he had decided to leave Bluffs and will locate in Jacksonville. He has offered his property for sale and expects to get away by Aug. 1. He will go to the hospital there at once for a minor operation, made necessary by an attack of appendicitis about a year ago. During this time Mrs. Canatsey and children will visit her parents at Peoria. Dr. Canatsey began his practicing medicine in Bluffs, and has made a success and is enjoying a lucrative income from his work, but he feels that he can do better in a larger field and has therefore decided to move to Jacksonville.

DR. FLETCHER WINS IN WINCHESTER MAYORALTY CONTEST

The mayoralty contest proceedings at Winchester came to a close shortly before noon Thursday when Judge Norman L. Jones, who has been hearing the evidence, decided the contest in favor of Dr. Fletcher. The suit to oust Dr. Fletcher, who had been declared the successful candidate when the returns were canvassed, was brought by George Thomas. The recount has been going on for several days and there have been some slight changes, but the final totals as approved by Judge Jones as correct indicate that Dr. Fletcher was elected by a majority of five. According to these figures, the total vote for Dr. Fletcher was 434 and for his opponent 429.

ADDITIONAL COURT TERM FOR THIS COUNTY

Bill Providing For February Circuit Court Session Passed by Legislature.

Among other bills passed by the legislature on the closing day was one providing for an additional term of the circuit court in Morgan county. This law will go into effect in July and provides for a term of court to be held next February. As previously stated, the bill was drawn by Judge Burton, who is presiding in the circuit court during the May term. The purpose of the added term is to facilitate the business of the circuit court, especially because Morgan county does not now have a resident judge. There are various matters which have come up during vacation in the past and with only two terms a year and no resident judge there have been some inconveniences to parties having law business as well as attorneys. It is believed that the additional term will prove a great convenience and will make it possible to have the circuit court docket more nearly cleaned up from term to term.

DEDICATE STATUE TO SWEDISH POET.

Minneapolis, Minn., June 24—The dedication of the statue of Gunnar Wennerberg, the famous Swedish poet, composer, educator and statesman, takes place today. The statue is the gift of the Swedish-American citizens to the city, and it is located in Minnehaha Park. The Swedish consul will officially present the statue, and Mayor Wallace G. Nye will accept the gift. Governor Winfield S. Hammond will also speak. Wennerberg's hymns will be sung by a chorus, and a Swedish folk festival will occupy the afternoon, to commemorate Midsummer Day, an old Swedish holiday.

WESTERN PACIFIC ROAD IN THE COURTS.

San Francisco, June 24—The question of whether the affairs of the Western Pacific railroad will be confined to the local federal courts will come up today before Judge Van Fleet, when attorneys for the receivers will argue for a restraining order against the filing of a suit in the New York federal court by the Equitable Trust Company. The Equitable company is suing the Denver and Rio Grande to recover on first mortgage bonds from the Western Pacific. The former company controls the Western Pacific, which defaulted the interest on its first mortgage bonds due March 1.

Since the Western Pacific was placed in the hands of receivers, an agitation for the state to buy the road has been growing. This movement is favored by Governor Johnson. The scheme of the state purchase of the property contemplates an extension of the railroad to Southern California, so that it could serve the entire state, and assure the state of commercial freedom. The road can be purchased for about \$50,000,000, and some of California's wealthiest men are interested in getting it under public control.

The Western Pacific was incorporated by the Gould interests in 1903, with the object of giving the Gould system, then at its height, an outlet to the coast. The line was to extend from San Francisco to Salt Lake City, connecting with the Denver & Rio Grande, which controlled the tough stock ownership. The capital stock of the Western Pacific is \$75,000,000 of which the Denver & Rio Grande owns two-thirds. Its bonded debt is \$75,000,000.

James Suiter, a resident of New Berlin, visited the city yesterday.

Dear Mr. Automobile Buyer:—

I have just come back from the Hupmobile convention. On a big steamship up near the Soo, they showed us the new cars for 1916.

Very shortly, I shall hope to show them to you.

But I can't wait for that time to come.

I must tell you, in advance, something about the treat that's in store for you.

You know by this time, of course, that the new Hupmobile (five-passenger touring car) sells for \$1085.

Maybe that doesn't mean such a great deal to you now.

But wait until you see the car!

I mean that.

Wait. Don't even think of buying a new car this summer until my demonstrating Hupmobile is here.

For the better part of three days, I heard the men who make Hupmobiles tell what is in this car and how it is built.

And I honestly believe it is impossible to put into any car, no matter what the price, better materials than they use in the new Hupmobile.

Quality rules all through—in the motor, the transmission, the rear axle, the springs, the bearings, the upholstery; the finish and the equipment.

If you rode in the 1915 Hupmobile, you will recall how very comfortable it was.

The new car is even more comfortable; its upholstery is thicker and softer—and it's real hair and leather.

Its performance is better, too, due to an increase in power; though all tests show the new car to be up to the Hupmobile mark for economy.

The Hupmobile has a great line this year—seven models.

In addition to the five-seater, there are a seven-passenger touring car and roadster; removable enclosed tops for the five-passenger and the roadster, a fine sedan and a limousine that for beauty and room will match the most expensive you ever saw.

If these aren't the handsomest cars in America in addition to being Hupmobiles in the best sense of that good name—then I don't know a thing about motor cars.

I met everybody connected with the Hup Motor Car Company, from President Drake to Engineer Watts.

I swapped impressions of the new cars with three hundred Hupmobile dealers.

And I didn't encounter a man who didn't agree that these cars made even the shining record of previous years look dim by comparison.

I'm enthusiastic, I admit it—but if your enthusiasm doesn't outdo mine when I show you the cars I'll be the most surprised man in town.

Come in and let me tell you about the big Hupmobile Convention and the wonderful 1916 Hupmobile line.

Yours very truly,

WM. NEWMAN

PRESENT GREAT LIBRARY TO HARVARD.

Cambridge, Mass., June 24—Harvard Commencement Day is made notable today by the formal presentation to the university of the great library donated by Mrs. Eleanor Elkins Widener of Philadelphia.

Senator Henry Lodge made the address of presentation, and President Lowell of Harvard accepted the library.

The great structure is one of the biggest libraries in the world, and is given as a memorial to Harry Elkins Widener, who lost his life in the Titanic disaster.

After the usual commencement exercises in Sanders Theatre, the procession was formed for the dedication.

Mrs. Widener presented the keys to Pres. Lowell, who unlocked the big doors, admitting the procession of educators and alumni.

In the main reading room the exercises were held.

Atlantic City, N. J., June 24—A two days' carnival opened this morning at this great Atlantic shore resort. Auto parties came from far and near, and the great pier was bedecked with flags and flowers.

The Boardwalk pageant takes place this afternoon, and at night there will be an open-air masquerade.

Tomorrow a "naval parade" will be held off shore, when the choicest craft along the coast will take part.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist.

The expectant mother if she has heard of this splendid embrocation probably not reading the papers to mind extent. And if she does it is a happy thought to send hubby to the drug store.

"Mother's Friend" is applied externally over the abdominal muscles.

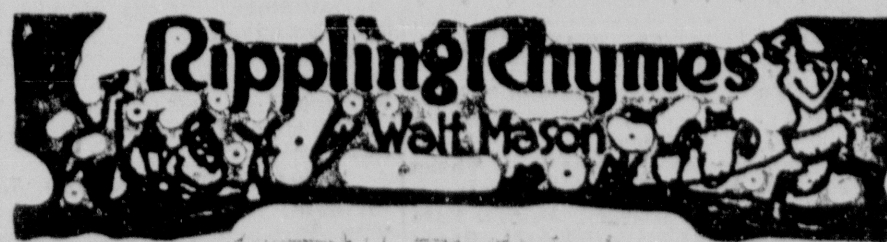

It is a gentle, soothing lubricant, penetrates to the fine network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected.

The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation.

This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses. And particularly to young mothers is this remedial application of inestimable value since in thus keeping the muscles firm but pliant it enables them to go through the ordeal without laceration of the epidermis so often the case when this gentle form of lubrication is neglected.

"Mother's Friend" is highly recommended by a host of women. Write Bradfield Regulator Co., 508 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

**A TUB OF BLOOD**

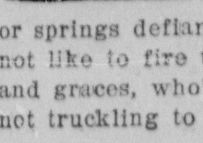

Our dignity demands it, as Jingo understands it, that we should get excited, whenever we think we're slighted, and arm, and go forth gunning, and send the slighter running.

"The world will not respect us, the nations will reject us," the Jingo still is crooning, "if we keep on poltrooning. Ere we're a minute older let's place upon our shoulder a chip, and act the bully, and be quite wild and wolly."

Then kings and warlike princes will see we are not quinces. We'll gain respect and honor, though peace may be a goner." Thus speaks the warlike Jingo, the grim, fire-eating Gringo.

But who respects the nations whose wars and tribulations, whose fierce, bloodthirsty capers are filling all the papers? The klugs now heaving bowlders had chips upon their shoulders. They used to say, "We suffer to swat the sassy duffer who insolently gazes, or springs defiant phrases."

Does any one admire them? Who would not like to fire them, installing in their places some kings of charms and graces, who'd look on war as dizzy, and keep their subjects busy, not trucking to commanders, but raising wheat and ganders?

James Suiter, a resident of New Berlin, visited the city yesterday.

SEWS UP GAME WITH A TWO-BAGGER.

Crippled Cub Infielder Then Steals Home With Winning Run—The Game is a Wild Exhibition of Baseball.

Chicago, June 24.—Heinie Zimmerman, the crippled infielder of the locals, batted in a pinch today and made good with a double which enabled Chicago to tie the score and then stole home with the winning run, after Good's infielder had put him on third, Chicago defeating St. Louis.

The game was a wild exhibition of baseball with plenty of hitting and errors on each side. The visitors took an early lead by bunting hits but Chicago went into the lead when Saier's home run drive started a rally in the fifth.

CHICAGO WINS SIXTH STRAIGHT FROM NAPS

CAPTURE NINETEEN INNING GAME 5 TO 4.

Weaver's Single and Eddie Collins' Double With Two Out Brings in Winning Tally—Yanks Defeat Athletics.

Cleveland, June 24.—Weaver's single and Eddie Collins' double with two out in the nineteenth inning gave Chicago its sixth straight victory over Cleveland. The locals looked like the winner until the eighth when a batting rally, consisting of Blackburne's single, Felsch's double, Weaver's single and E. Collins' triple gave Chicago a one run lead. Cleveland came right back and with two out bunched Chapman's double and singles by Jackson and Graney for two runs. These were made off Cicotte.

Roth began the ninth for Chicago with a single and Schalk walked. Blackburne bunted and was safe on Mitchell's fumble. With the bases filled, Morton replaced Mitchell and forced in a run by passing Felsch. That was all the scoring until the nineteenth.

New York 7; Philadelphia 6.
Philadelphia, June 24.—A wild pitch by Bush enabled Maisel, of the visitors to score the winning run in a ten inning game between New York and Philadelphia. With the bases filled and no one out in the seventh, Bauman, a righthand batsman took McHale's place at bat. With a ball and no strikes on him, Bressler, a lefthand pitcher, was taken out and Bush, a righthander took his place. Pipp, a lefthand batsman then took Bauman's place and his single sent in two runs and tied the score.

FINISH HARD WORK.
Poughkeepsie, N. Y., June 24.—The college crews representing the Universities of Cornell, Columbia, Pennsylvania, Syracuse and Leland Stanford have finished their hard work and from now until regatta day next Monday the coaches will confine their work to keeping the men in condition.

We guess that somebody is shouting, "Stop those White Sox." Yesterday at Cleveland Rowland's club, after being beat 2 to 0 until the eighth, scored three runs and got a run to the good. Cleveland came back in her half and scored two and made the count 4 to 3. The Sox tied it in the ninth and then the teams battled for 19 innings, the Sox finally winning by a score of 5 to 4.

Patrick T. Shanahan of the vicinity of Buckhorn was attending to business matters in the city yesterday.

MISSOURI BEGINS NEW

STATE CAPITOL.

Jefferson City, Mo., June 24—A big parade of state troops, citizens and public officials turned the city into one great scene of celebration today when the cornerstone of the new Missouri state capitol was laid. Prominent officials from all parts of the state are attending the ceremonies in honor of the beginning of the new \$2,500,000 capitol. Former Governor Hadley, who led the agitation and the fight in the legislature for the adoption of the capitol bond issue, and Governor Major were the principal speakers. The cornerstone was laid under Masonic ceremonies.

Brief News Close to Home

Motorize Fire Department—To motorize and concentrate the fire department will cost the city of Bloomington from \$22,000 to \$25,000 for new apparatus.

Big Apple Crop—Central Illinois horticulturists report favorable prospects for a record yield of apples in Central Illinois. The trees are loaded with the fruit and there has been no evidence of the coding moth so far. All fruits are thriving this season, the frequent showers proving highly beneficial.

Rubaway Fatal to Farmer—Thos. Nelsen, a farmer living four and a half miles west of Dwight, was killed Tuesday when his team ran away in the field while cultivating. Mr. Nelsen was taken with a dizzy spell and fell from the cultivator, frightening the horses and causing them to run away.

New Springfield Principal—I. M. Allen of Wichita, Kan., was elected principal of the Springfield schools at a salary of \$3,500 last night at the regular meeting of the board of education.

Hail Kills 47 Hogs—On a farm near Carrollton forty-seven head of hogs were killed by hail stones. On investigation by veterinarians it was found that the backs of some had been broken while others had been struck in the head and their skulls crushed. Two cows were also killed by the heavy hail stones.

Hurley Trial Sept. 13—The motion to quash the indictment for murder against Danial Hurley, charged with the murder of Katherine Roller, was denied today by Judge Harris. The trial will begin September 13. Hurley is under bonds of \$25,000.

Hurley is accused of poisoning his sweetheart during a buggy ride on April 26.

Goes to Quincy Whig—Robert M. Switzer, for ten years city editor on the Galesburg Republican Register, has assumed charge of the Quincy Whig. He is a Galesburg man, receiving his education in Knox College.

Drinks Lye by Mistake—Frank, the 4-year old son of George Dedmon of Maquon, Ill., drank lye by mistake and died today.

Natural Gas Found—An explosion of gas while drilling an artesian well at Bismark has revived the hopes of many in that vicinity that oil or gas will be struck. Bismark is eight miles north of Danville, and large crowds have been going there to view the unusual sight.

Drowns in Reservoir—William Buchanan, aged 17 years, was drowned Tuesday in the reservoir of the Northwestern railroad at Virden.

He had gone with several other boys to the reservoir to swim, and after diving into deep water was attacked with cramps, and went down the third time before any of his comrades could rescue him.

Woman in Review Board—Miss Nellie Malone of Maple Park is the

first woman to be appointed to a position in connection with the board of review. Miss Malone was named deputy clerk of the board at the first business meeting.

Lusitania Victim—Rev. Lloyd, a former pastor of the Baptist church at Deer Park near Ottawa, and his wife lost their lives on the Lusitania, as announced. Mr. Lloyd's parents lived in England and this spring they concluded that they would visit the old home, taking passage on the ill-fated Lusitania. Both were drowned, but word has been received that the body of Mr. Lloyd has been found. It was floating on the water near an island on the Irish coast. No trace of the remains of Mrs. Lloyd has been discovered.

Superintendent Is Exonerated—Albert J. Kingsford, superintendent of the west side schools of Aurora, was exonerated by the school board of the charges of improper conduct which grew out of accusations made against him by two young women.

Fifth Pair of Twins—Twin girls which were born Sunday to Mr. and Mrs. Anton Svetta of Waukegan lived only a few minutes. This is the fifth pair of twins born to the couple, who have had 22 children in 15 years. Only two of the children have survived, all the others dying in infancy.

Hair Singed by Bolt—During a terrific electrical storm at Harrisburg lightning struck the home of Mrs. William Selden. The bed on which Mrs. Selden and her baby were sleeping was struck and the hair was singed from the child's head, but neither was hurt.

Scarlet Fever Epidemic—Rigid quarantine rule grips Joliet because of the unprecedented epidemic of scarlet fever which has killed two children and attacked nearly 200 more.

Drowns Beneath Automobile—John McMinn, a Mississippi bottoms farmer, was drowned beneath his automobile when the machine turned over in a drainage ditch near Murphysboro.

Illegally Married Eighteen Years—Mrs. Phoebe G. Hunt of Attleboro, Vt., mother of three children, did not discover until she needed a suit against her husband, Franklin A. Hunt, a jeweler of Chicago, for divorce for neglect, that she had been living illegally with him for 18 years.

Farm Rating System—A system of farm rating for credit is being considered in Illinois to be patterned after the recently adopted Texas system. A group of Texas bankers has adopted a system of rating farms for the guidance of borrowers and for the bankers' own protection. The crop rating sheet consists of a definite schedule covering the principal divisions of food crops and money crops. It has been worked out in considerable detail for a 40-acre unit supporting a family of five, allowing 20 acres for feed crops and 20 acres for money crops.

Thursday by a score of 6 to 0. But then almost anybody can beat the Dodgers these days. They have a good team, too.

George Tyler, who has not been going very good this year, was in fine form Thursday. He allowed the Brooklyn only three hits.

Buck Weaver with a single and Eddie Collins with a double in the nineteenth was what turned the tide in favor of the White Sox at Cleveland. It looks like Collins, instead of slipping, is getting better. Seldom has he been in better form than that he has shown the last few weeks.

Morton went in for Cleveland in the ninth with the bases filled. He forced in a run by passing Feich and then the side was retired without further scoring. He pitched great ball until the nineteenth.

Even the Reds got a hitting streak yesterday. It seemed to be catching. They got twelve hits off of Mamaux and Adams and scored five runs. Toney held the Pirates to five hits.

Mr. Tincup broke into the game at New York yesterday. He pitched part of the game for Philadelphia. The Giants didn't treat the Redskin with much courtesy. New York won 13 to 5. George Burns made three hits, drew a base on balls, stole two bases and scored three runs.

The St. Louis Reds, after winning twelve straight games, lost to Baltimore Thursday. Suggs pitched steadily for Baltimore.

The Whales won from Brooklyn yesterday by a score of 6 to 2. The Whales made fifteen hits off of Lafitte, Marion and Wilson.

Boston beat Washington easily yesterday, hitting Boehling, Shaw and Henry hard. Collins was hit for eleven safeties by Washington, but kept them scattered.

Detroit beat St. Louis 9 to 3. The Tigers again ran wild on the bases and took advantage of all of St. Louis fielding errors.

EUROPEAN WAR NOTES

Berne, via Paris, June 24—Two Swiss aviation officers left 300 feet today near Zurich. Lieut. Lugrin, a well known aviator, was killed, and Lieut. Von Kaenel was seriously injured.

London, June 24—The correspondent at The Hague of the Exchange Telegraph company, transmits a telegram received there from Munich concerning an article published by the Neueste Nachrichten of Munich commenting on the voyage of a German submarine from Wilhelmshaven to the Dardanelles. This paper points out that the distance from Bremen to New York is only 3,600 miles and expresses the hope that this submarine exploit "will make the war party in the United States think twice."

Rome, June 24, via Paris—Reports received by officials of the government indicate that Turkey, with the support of her allies, planned to give assistance to the Senussi tribesmen in their uprising against the Italians in Libya. The purpose of this movement is said to have been to compel Italy to keep a large number of troops engaged in Northern Africa. This purpose was not achieved, however, the Italian government having withdrawn its military posts in the interior. In consequence Italy now requires a smaller force than heretofore in Libya.

Paris, June 24—The following official communication was issued by the war office tonight:

"In the region to the north of Arras there have been no infantry actions today. Our troops have organized themselves in the conquered positions. A lively cannonade occurred in the sector of Angres-Ecurie.

"The enemy last night and today very violently bombarded Berry-Aubert and the neighborhood of Sapigneul. This bombardment caused us only insignificant losses.

"In the Argonne and on the heights of the Meuse there is nothing to report except artillery actions. In the Vosges at Fontenelle a German attack was repulsed. The Germans have bombarded the outskirts of Metzeral and the ridges to the east of the village where our progress has continued to a slight degree."

Vienna, via London, June 24.—The following official communication was issued by the war office today:

"The general situation in eastern Galicia is unchanged. To the east and northeast of Lemberg battles with strong Russian rear guards are still proceeding.

"On the upper Dniester, Mikolajow and Zydaczow have been captured. Down the river from Zydaczow the allied troops are advancing from several quarters. On the northern bank of the Dniester, between the Vistula and the San, the enemy continues to retreat. North of the Vistula the Russian rear guards were driven beyond the Kamenka river. Our troops occupied Ostrowiec and Sandomierz.

"In the Italian war theater, on the Carinthian frontier, a strong attack of Italian troops near Pal (east of Ploeken Pass) was repulsed. Otherwise on these frontiers and those of Tyrol only artillery engagements occurred. In the region of Krn calm prevails. On the Isonzo river there is heavy fighting. Italian attacks near Gorizia and Montefalco failed."

Lemberg, via London, June 24.—The entry last Tuesday afternoon of General Von Boehm-Ermolli's army into Lemberg assumed the character of a great patriotic demonstration. The city was profusely decorated with flags and thousands of persons stood on balconies and in windows to await the columns of the victorious Austrian army and greeted their arrival with scenes of enthusiasm seldom witnessed here. Flowers were showered into the automobiles of the officers all along the line and there was prolonged cheering for Emperor William, Emperor Francis Joseph and the victorious army.

The citizens of Lemberg gave a formal welcome at the state house to General Von Boehm-Ermolli and his staff. Prof. Marcell Chlimatecz of the faculty of Lemberg University delivered on behalf of the city authorities addresses in the German and Polish languages, to which Gen. Von Boehm-Ermolli replied. The Jewish population of the city joined in the cheering. The interior of the city was little damaged by the Russians, although they burned the railway station and adjacent factories and set fire to the petroleum depots, causing an enormous conflagration. The former police superintendent, with a number of automobile policemen, has arrived here and taken charge of police affairs.

A number of Polish and Ruthenian agitators who took sides with the Russians during their occupation of Lemberg, disappeared with the Russian forces.

NOTICE OF EXAMINATION. The examination for teachers' certificates will be held in the office of the county superintendent, Thursday and Friday, July 15 and 16. Under the new law all persons wishing to take the examination are required to file application blanks. Saturday, July 31, will be the day for filling and filing blanks. For further information call on or write the county superintendent. H. H. Vasconcellos.

LLOYD-GEORGE GIVES BRITISH LABOR SEVEN DAYS TO MAKE GOOD

Tells Leaders If Adequate Supply of Labor Cannot Be Secured, Compulsion Is Inevitable.

London, June 23.—David Lloyd-George the minister of munitions, has given British labor seven days in which to make good the promise of its leaders that men will rally to the factories in sufficient numbers to produce a maximum supply of munitions of war.

This was the most striking statement in the new minister's speech in the house of commons today in the course of outlining the munitions measure, which is designed to control not only the output, but the men responsible for the output. The first of the seven allotted days will begin tomorrow and with its dawn will be launched a great campaign to recruit the workers.

"I had a fresh discussion with the trades union leaders," said Mr. Lloyd-George in his speech, "and told them if an adequate supply of labor could not be secured, compulsion was inevitable. The union representative answered: 'Give us a chance to supply the men needed in seven days; if we cannot get them we will admit that our case is considerably weakened.'"

After emphasizing the absolute necessity of vast supplies of guns and ammunition, which he described as the great essential of victory, the minister announced that he sent David Alfred Thomas, managing director of great colliery companies in south Wales and known as the British coal king, on a tour of inspection.

FINED FOR STOCK RUNNING AT LARGE

John Joeckle was fined \$2 and costs in Justice Dyer's court Thursday for allowing stock to run at large. Joeckle is a resident of Meredith and was arrested on complaint in that village and brought here for trial.

PEORIA WOMAN PRAISES REMEDY

Mrs. Tilla Conard Tells Remarkable Experience After Suffering for Months.

Mrs. Tilla Conard lives at 307 Morgan Street, Peoria. She suffered from stomach trouble for months. Nothing seemed to give relief. One day she visited a sister who resides in Bloomington, and upon urgent advice consented to try one bottle of May's Wonderful Remedy. This, in her own words, is the story of her experience—read it.

"For a number of months I suffered terribly with pains in my stomach; would fill with gas and belch for an hour at a time. I had pains in my side which at times I thought would kill me. I was under the doctor's care for four months; but got no relief at all. One day while in Bloomington my sister persuaded me to take a bottle of your remedy. To say the results were wonderful would be putting it mildly. After the first dose my pain left me, my appetite improved, my skin became clear again and I felt like a new woman."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

MEREDOSIA.

Mrs. Fred Deppe and daughter, Helen, are visiting in Jacksonville this week with the former's sister, Mrs. Edward Wackerle and Miss Nellie Ritscher.

The steamer Columbia will run an excursion from Pearl to Beards-town Monday, July 5. The Merritt Concert Band will accompany the excursionists. The boat will leave Meredosia at 9:30 o'clock a. m. returning at 6:40 p. m.

Mrs. J. A. Hilderbrand is entertaining her sister, Miss Mary Chance of St. Louis.

Mrs. N. C. Stringham returned home to Jacksonville Tuesday after a few days' visit with her daughter, Mrs. Hardy Kennitt.

Misses Besse Bollyard and Lena Pfinninger spent the day Tuesday with friends in Versailles.

Mrs. Beulah Vanzenner of Chicago is the guest of her father, Chas. Abrams and sister, Dr. Lois Neville in this city.

Henry Streuter of Jacksonville visited with his daughter, Mrs. John Beauchamp, last Wednesday.

Mrs. John Summers has for her guest this week her sister, Mrs. George Marden.

Mrs. J. E. Hall and children returned home Monday from a visit with friends in Jacksonville.

William Roegge, Arthur Hinners and Henry Deppe were business visitors in Jacksonville Tuesday.

A large number of our citizens are planning to take in the excursion from this city to Kampsville Saturday, July 3. The Meredosia Concert Band will furnish the music for this occasion. The excursion will be given on the steamer Columbia and will start from Meredosia promptly at 7 o'clock in the morning.

The committee on arrangements for the celebration in this city on Monday, the 5th of July, are working hard to make it a success and it is believed by many that it will be the best celebration Meredosia has had for many years. The Meredosia concert band will furnish music throughout the entire day. Good speakers have been secured and various attractions for amusement will take place in the afternoon. At night a free moving picture show will be given in the park.

The Church of Christ have been holding a series of meetings every evening this week at their church. A minister from Arkansas has been delivering some splendid sermons.

FIVE SEVERE EARTHQUAKES OCCUR AGAIN AT CALEXICO

People Rush Into the Streets and Open Spaces—No Appreciable Damage Is Done.

Calexico, June 24.—Five severe earthquakes occurred here again tonight. The first was felt about 8:15 and the succeeding four at intervals until 10:10 p. m. People, nerve-racked by their experiences since Tuesday night when the city was badly shaken up, rushed into the streets and open spaces, but no appreciable damage was done. No injury to the irrigation system was reported. Wire communication was not interrupted. Some walls weakened by previous shocks collapsed.

Feel Shocks at El Centro.
El Centro, Calif., June 24.—Three earthquake shocks were felt here tonight. They lacked the intensity of the tremblers which partly wrecked the town Tuesday night, but were sufficient to renew excitement. No damage was done.

The first of the shocks tonight occurred while a mass meeting was in progress concerning Tuesday night's quakes. It did not affect the program and resolutions were passed condemning reports sent out from here as exaggerations.

The meeting was attended by 5,000 citizens. The resolutions expressed the conviction that the loss of life from the earthquakes was so small and the damage so little, compared with the wealth of the section that the citizens were to be congratulated.

Fifteen speakers at the meeting voiced what they said was a general intention to rush the work of rebuilding the damaged cities.

MR. ALEXANDER PREDICTS HIGH PRICES FOR BEEF

Well Known Stockman Believes Conditions are Certain That Sharp Advances Will Come for Late Summer and Fall Livestock Market.

According to the opinion of John T. Alexander of Alexander, Ward & Conover, given in writing to a Jacksonville friend the prospect for high livestock prices in the late summer and fall is excellent. Mr. Alexander gives the reason for his belief as follows:

"The whole meat supply prospects warrant bullish ideas on values. That present prices are legitimate will not be disputed and every factor favors appreciation. Every day the European war is prolonged means more acute scarcity of everything in the shape of animal food, and every pound of beef in the making stage will be needed. The shortage is world wide. England has its hands full supplying its own army and that of its allies France, Italy and Scotland. Butcher shops by the thousands are closing for the lack of beef to sell."

"Last year during the late winter, spring and early summer months large quantities of dressed and chilled beef were imported into this country from the Argentina. This year up to the present time the imports scarcely amount to anything and conditions are just the reverse of last year. We have been exporting to Europe for several months large quantities of dressed beef, corn beef and can beef and in addition to that several boats of live cattle have been exported."

"Barring any unforeseen thing, we look for exceedingly high prices for well finished corn fed cattle during the latter summer and early fall months."

In their daily market letter issued Wednesday Mr. Alexander's firm said:

"Receipts so far this week show a small decrease at Chicago and a sharp decrease at the western markets. We have had a splendid demand and unevenly higher market for fat corn fed cattle of about all weights. The greatest advance has been on cattle selling at 8.75 to 9.35, more cattle sold at 9c and over than any time this year."

"We put a new top on the market today for the season selling 22 long yearlings at 9.70, average 1201 pounds. Top on heavy cattle today 9.55 for 32, average 1528 pounds. Everything seems favorable for good corn fed cattle to gradually sell higher."

"Good to choice cows and heifers 25 to 35c higher. Bulls 15 to 25c higher. Grassy cows and heifers 15c higher, calves steady."

MORTUARY

Self.

Mrs. Marion Self died at the home of J. Spencer Self, 234 North Main street, Thursday afternoon at 5:15 o'clock. Death was caused by a complication of diseases. The deceased was the daughter of Mr. and Mrs. Albert Funk and born at Exeter, Scott county twenty-four years ago. She had resided in this city for seven years. She is survived by her husband and her parents. Her mother was with her at the time of death.

Funeral arrangements will be announced later.

Rawlings.

Mrs. James V. Rawlings, whose death was noted in Wednesday morning's Journal, died at 6:30 o'clock Tuesday evening at Our Saviors' hospital, following an illness of five weeks.

Her maiden name was Anna Eliza Price, daughter of Adam and Susan Roseberger Price and she was born near Arcadia, June 5, 1842. She married James V. Rawlings, Nov. 30, 1865 and he survives her. Of the five children born to them two are living, G. A. Rawlings, residing at home and J. W. Rawlings, east of Jacksonville. She also leaves three brothers William T. Price of Virginia, Adam of Osceola, Iowa, and John Price of Fredonia, Kan., and one sister, Mrs. Charles Strickler of Sibley, Iowa.

The family for a great many years resided near Virginia but last March they moved to the Erell Shibe place northwest of the city, which farm they recently purchased. Mrs. Rawlings was a woman of beautiful life and character and a member of the Methodist church of Virginia.

The body was taken to the undertaking parlors of Williamson and Cody. Today they will be taken to Virginia via the C. P. & St. L. where funeral services will be held this afternoon at 3:30 in the Methodist church, in charge of Rev. C. F. Juvenal with interment in the Virginia cemetery.

Shore.

Mrs. Emil James Shore died at the family residence on Bluffs Thursday morning at 1:25 o'clock at the age of 55 years, 4 months and 10 days. She had been ill for seven weeks. She was the wife of the late Fred C. Shore. Funeral services will be conducted Saturday morning at 10 o'clock in charge of Rev. M. O. Beebe. Interment will be in the Greene cemetery.

MATRIMONIAL

Baker-Hopper.

Homer Baker of Topeka, Kansas and Miss Cora Frances Hopper of this city were united in marriage at 11 o'clock Thursday morning. The ceremony was said by the Very Rev. John W. Crowe at his home on East State street. Miss Louise B. Baumann, sister of the bride, and Moe S. Meyer attended the couple. After a ride about the city the wedding party went to the home of the bride where an elegant wedding breakfast was served.

The marriage of Miss Hopper will no doubt come as a surprise to her many friends. While they knew that she and Mr. Baker had been acquainted for several years their intent to marry was kept a close secret. It was not until after the ceremony had been said that they began to realize it. Then the bride was kept rather busy answering telephone calls from her friends.

The bride is the daughter of Mrs. Nellie B. Hopper of North Fayette street and has been reared in Jacksonville. She graduated from the Jacksonville high school and later attended school at Lorette academy in St. Louis. She is a young woman of much personal charm and has a wide circle of friends who will unite in wishing her many years of wedded happiness.

The groom is a native of Peru, Indiana and has been in Jacksonville a great deal the past year. At present he is located in Topeka, Kansas and is engaged in the grocery business.

Mr. and Mrs. Baker left on the Vabash Thursday afternoon for the Pacific coast. After attending the Panama exposition they will be at home after August 1st in Topeka.

Weeks-Graham.

The marriage of Mrs. Hazel Orr Graham of Virginia and H. G. Weeks of Arenzville took place in Monmouth June 18, according to news reaching friends here. The bride is the daughter of Mr. and Mrs. Geo. Orr of Virginia and taught in the public schools of Arenzville. The groom is engaged in the dry goods business and is the junior member of the firm of Weeks Bros.

Bradshaw-Smith.

The marriage of Charles Bradshaw, editor of the Carrollton Patriot and Miss Agnes Smith of Monrovia, Calif., was celebrated at the home of Dr. and Mrs. P. O. Paulson in Monrovia a week ago. Mr. Bradshaw went west to attend the National Editorial Association convention in Los Angeles and his wedding came as a great surprise to home folks.

HOGS GREW FAST.

James P. Hopper sold 12 Duroc Jersey hogs Thursday, which averaged 270 pounds for 7 1-4c per pound. The hogs were 180 days old, and gained an average of 1 1-2 pounds per day, which is certainly a good showing. The porkers were sold to L. H. Whitlock, the south side butcher and grocer.

MR. MAX R. MAYFIELD WEDS. MISS LEORA M. JOHNSTON

Ceremony Took Place Last Night on
Lawn at the Home of the Bride's
Father—Young People will Reside
in Chicago.

Mr. Max R. Mayfield and Miss Leora M. Johnston were married Thursday evening at 8 o'clock at the home of the bride's father, C. D. Johnston, 1000 West Michigan avenue, Rev. Myron L. Pontius, pastor of Central Christian church officiating. Only immediate relatives and friends witnessed the ceremony.

The wedding occurred on the lawn, where a place had been enclosed consisting of greenery and flowers. The couple stood under a beautiful arch while the troths were pledged by the use of the ring ceremony. Following the marriage a wedding supper was served on the lawn, Japanese lanterns being used in the decorations.

Proceeding the ceremony Miss Gloria Reinbach of Springfield sang "I love you truly" and "A Perfect Day." Miss Lucile Reinbach played the wedding march from Lohengrin as the bridal party entered the floral bower and after the service she played "To A Wild Rose."

The bride wore a gown of white crepe de chene and carried a shoddy bouquet of bride's roses. She is a graduate of the Jacksonville high school and has been very active in Sunday school and church work of Grace M. E. church. Mr. Mayfield is the son of Mrs. Ollie Mayfield of Franklin and is also a graduate of the Jacksonville high school. He is now employed in the post office in Chicago and the young people expect to make Chicago their home. They received a number of lovely presents. They left last night over the Wabash for their new home.

Among the out of town guests present were Mr. E. D. Gillette, and Mrs. Gertrude De McKenzie, Mrs. Joseph Jackson of Springfield; Mr. and Mrs. J. Melch Hart and Mrs. Barbara Hart Challiner of Franklin; Misses Gloria and Vivienne Reinbach, Springfield; Mrs. R. Y. Duncan and daughter Ruth of Mt. Sterling; Mr. and Mrs. Bright Tulpin, Waverly; Mr. Louis Johnston, Chicago; Mrs. George Beatty and son Auburn; Mrs. Ollie Mayfield, Franklin; Mr. and Mrs. Frank Arnold, Beardstown.

A large assortment of Men's Negligee Shirts at greatly reduced prices are placed on sale by FRANK BYRNS' Hat Store today.

WILL ATTEND AUTO SHOW.

CASS COUNTY HAS AN UNUSUAL RECORD

Is Said to be Entirely Free From
Debt of Every Description.

The following taken from the Beardstown Illinois-Star indicates that the business affairs of Cass county have been well handled and the county is wholly free from debt.

"Cass county is out of debt, and owns a good farm besides" was the statement of County Commissioner Geo. F. Kuhlman, who returned last evening from Virginia where the County Board was in session the past several days, disposing of the business before the regular June term. All just bills and claims against the county were paid at this session and every cent of indebtedness against the county was ordered paid and the county now has no indebtedness of any kind, bonded or otherwise.

"The county is just \$10,000 better off financially this year than it was at the same time last year. The tax money has been paid into the treasury and the funds realized have been used in squaring away every sort of claim until now Cass 'owes not any man.' Last year county warrants to the amount of nearly \$10,000, were carried over to the September meeting but this year the commissioners say absolutely nothing is carried over.

"The county financial affairs are in better condition, despite increased expenses during the past year. A number of small pox cases resulted in a big increase in the county 'grocery bills,' a mile of concrete road was constructed at considerable expense to the county, as well as the state, and other road and bridge improvements aggregating a considerable sum, have been made.

"The present condition of the county finances is extremely gratifying to the commissioners, and is one of the most positive and certain evidences that the affairs of the county are being conducted both in an economical and an efficient manner."

WILLIAM HATFIELD ARRESTED ON CHARGE ATTEMPTED BURGLARY

States Attorney Robert Tilton and Sheriff Graft were in Franklin yesterday, where William Hatfield had been arrested charged with an attempt to break into a boxcar occupied by a number of Italians in the employ of the Burlington. Hatfield was arraigned in Squire Hart's court and after hearing the case as presented by the state's attorney on the charge of attempted burglary, he was placed under bond of \$100. In default of bond he was brought to Jacksonville by Sheriff Graft and placed in the county jail.

A VALUABLE SOUVENIR

Dr. J. W. Hairgrove has in his possession a highly valuable souvenir in a sermon delivered by the late Dr. L. M. Glover on the life and character of Abraham Lincoln. The discourse was delivered April 23, 1865 and by request of a number of leading citizens was printed in pamphlet form at the office of the Jacksonville Journal. The sermon was an eloquent effort and was valued highly by all who heard it and probably the copy owned by Dr. Hairgrove is about the only one in existence. The gentleman has refused a large sum of money for the sermon and will not sell it.

FIVE LEGGED PIG.

Dr. S. J. Carter has on exhibition at his office a curiosity in the shape of a five legged pig. The animal was raised on the farm of M. O. Matthews south of Concord. Dr. Carter brought the animal to his office and killed it and had it mounted by Prof. T. P. Carter.

The animal apparently was in excellent health and not handicapped by its additional leg. It had four perfectly developed legs and the fifth leg set directly between the hind legs. This leg, Dr. Carter said, formed a perfect articulation in the pelvis bones. It reached clear to the ground but the animal had no use of it. From the hock joint downward the bones were double, the same as would be found in two perfectly formed legs.

LADIES AID SOCIETY SPENDS PLEASANT TIME AT COUNTRY HOME

Members of the Murrayville M. E. Church Organization Go to the Residence of Mrs. Mary Gunn—List of Those Present.

One of the most pleasant outings in the history of the Ladies Aid society of the M. E. church of Murrayville was held Thursday at the country home of Mrs. Mary Gunn, southeast of Murrayville. Everyone took along well filled baskets and it is needless to say that the meal was greatly enjoyed.

A business session was held and an informal program was given consisting of readings by Miss Alma Story, Miss Melinda McCarty and Miss Jane Wright. Mrs. Mary Rea gave a short talk on the society and of the good time all were having at the Gunn home. Vocal selections were given by Mrs. Maud Rimbey, and Mrs. Pearl Doyle.

Mrs. Gunn expects to go soon to make her home with her daughter in the north and she was presented with some beautiful towels by the members of the society. Mesdames N. C. Carlson, Ress Jones, J. A. Carlson, A. W. Kennedy, J. T. Moore, T. Robinson, Clyde Moffet, W. B. Rimbey, J. E. Osborne, W. B. Wright, C. N. Wright, J. W. FARM WORK ADVANCING.

The past four dry days have done much to dry the earth and farm work is progressing rapidly. Some alfalfa fields are being cut the second time while lots of rye is in shock and a considerable beginning has been made on wheat. Corn plowing is in full blast on nearly every farm and fields that are tilled are ready for the cultivator. With seasonable weather Morgan county will generally show a large yield in nearly all directions.

SENTENCED FOR VAGRANCY.

Ella Cox who was arrested by the police a few days ago appeared in Justice Dyer's court Thursday. She was fined \$13.30 on the charge of disorderly conduct. Justice Dyer also sentenced her to 60 days in the county jail on the charge of vagrancy. This sentence is held in abeyance. If the woman leaves town it will not be enforced. She has promised to leave so it is not probable that the police will be bothered with her for some time.

"Old Glory" salutes, a big noise for one cent, at Coover & Shreve's west side square.

HAD NARROW ESCAPE.

Thursday morning two sons of William Thompson, residing on the Boston farm a few miles east of the city were delivering milk to the creamery. They were in a spring wagon drawn by a pair of horses, one of which was young. As the team entered the brick pavement at Johnston street one of the traces came loose. The team turned so suddenly around that the wagon was turned over and the occupants thrown to the pavement. The horses extracted themselves and started for home but were finally caught. The boys consider their escape almost miraculous.

HARVESTING WHEAT.

Wheat harvest is on in Scott county. Among those who started to cut west of the city Monday were Murray Brothers, Hesse Harvey, while William E. Gordan and Edward Morris started Wednesday. Prospects are good despite the fact that some fields were flattened by the heavy rains and hail. Evidently in the Riggsen neighborhood there will be considerable wheat harvested as seven new binders were unloaded there Wednesday.
